

SMS PTO Grocery Program

Frequently Asked Questions

Why should I participate? If you shop at Remke or Kroger, using the grocery program cards is an easy way to earn money for St. Mary PTO – it costs you nothing other than a little time!

How do I participate?

Email Bennett Hoffman – bennetth@fuse.net for a Kroger or Remke program gift card.

About the Re-Loadable Gift Cards

How do I load my card? At the cash register - but you must load your card prior to the cashier beginning your order. You pay with credit card, check or cash in the same way you pay for merchandise. You may also re-load your card at the service desk or after your order is complete, so that you are ready for your next shopping trip.

What if my total purchase is higher than the amount on my card?

Additional money can be added at another register or the service desk, or you may pay the balance with cash, check or credit card. However, St. Mary will only receive credit for the amount purchased using the card – so be sure to re-load the card before your next purchase.

Can I use the card at other Kroger or Remke stores? At the Pharmacy? For Kroger Gas? Yes – the card is good at any Kroger or Remke’s in the US, as well as some affiliates (which are listed on the card). The following services are excluded from the program: Western Union, Lottery Tickets, Stamps & Ticket Master.

Do the cards expire? The cards do not expire, however, a card will be deactivated if it carries a zero balance for more than 90 days.

What if my card doesn’t work? Should the magnetic strip demagnetize, return the card to the Bennett Hoffman – bennetth@fuse.net, who will have the balance transferred to another card.
